## Two Area Students Accepted at AIC

SPRINGFIELD, MASS.—Students from the Greater Agawam Area who have been accepted at American International College here include: Carol A. Silvestrini of 75 Lealand Ave. and Bruce N. Stebbins of 789 Main St., both of Agawam.

The two are graduates of Agawam High School and will enter AIC Sept. 30.

## William R. Foakes Completes Training

PARRIS ISLAND, S. C. — (FHTNC)—Marine Private William R. Foakes, son of Mr. and Mrs. William A. Foakes of 453 Springfield St., Agawam, com-

pleted recruit training Aug. 15 at the Marine Corps Recruit Depot, Parris Island, S. C.

The 11-week indoctrination to Marine Corps life includes instruction on discipline, military law, physical conditioning, military drill, and other subjects.

Three weeks are spent on the rifle range where recruits fire the M-14 rifle and receive instruction on other infantry weapons.

## Precinct Two Workers Organize For 'Kerr For Selectman'

The fourth of a series of pre-caucus "Kerr for Selectman" meetings will be held tonight at 7:30 in the West Springfield Fish and Game Club off Garden Street, Paul Query, chairman, announced today.

At the previous well attended meeting candidate Selectman Walter T. Kerr thanked his enthusiastic supporters and complimented them for the efficient manner in which they have organized in support of his candidacy for re-election.

Chairman Query noted that the following named residents of precinct two have volunteered to act as representatives of Mr. Kerr in their areas: Mrs. Ann Gloster and Edward Dahdah, co-captains; committeemen — John Buck, James Gregor, Harold Gaffney, John Foley, Mario Pioggia, Percy Mickey, James Bruno, Marcel Bedard, Chester Wanievski, Edward Suffriti, Lawrence O'Connell, John Sopet, Robert Kampfer, Thomas Ennis, William McLellan, Dorothy Kerr, Mildred Dahdah, Charles Feeney,

## Child Traffic Safety Week Is Sept. 1 to 7

The week of September 1 to 7 has been officially designated as "Child Traffic Safety Week" throughout Western Massachusetts. Approximately 40 police departments, more than 300 retail grocery stores, and the Safety Council of Western Massachusetts will sponsor the program in the interest of child safety. This traffic safety campaign, designated for the protection of all children, will begin Monday.

Stencils reading STOP-LOOK-WALK will be applied to sidewalks surrounding schools in many Western Massachusetts

communities. This important phase of the program reminds children to be careful when crossing streets. Records show that many child traffic accidents occur as a result of a child darting into the street and into the side or path of a moving vehicle. The application of these stencils is under the supervision of police departments, with the cooperation of their respective streets and highway departments.

On September 2, paper bags and/or stuffers carrying a safety message for motorists, parents and children will be distributed to shoppers throughout the area by local retail grocery stores.

Spot announcements and news releases aimed at motorists, parents and children will be distributed to the news media in Western Massachusetts as a vital part of this public traffic safety education program.

Churches and synagogues will be requested to offer a prayer on Sunday, September 1, for the protection of our children and to remind their respective members to be extra careful when driving, especially in school and residential areas where children are most likely to be encountered.

With the opening of schools in September, thousands of children will be walking to and from school daily, some of them for the first time. It is the responsibility of every motorist to protect these children whether they are walking or boarding or leaving a school bus. Everyone is urged not only to observe the week of September 1-7 as Child Traffic Safety Week, but to let it serve as a reminder that every week of the year is Child Traffic Safety Week.

## "Tex" Wilson Candidate For School Committee

Announcing for School Committee in the Republican caucus is Richard T. Wilson of 293 Leonard St., a lifelong resident of Agawam. The School Committee is close to the heart of Agawam and Mr. Wilson is close to its people. Well known as manager of the Springfield Animal Hospital for the past 32 years, a former treasurer of the Agawam Lettermen's Club for two years where he served most successfully, and also served a four year term as Animal Inspector for the town.

The years of daily contact with men, women and children of the town has earned for him the friendly title of "Tex" Wilson, which is appropriate to his pleasant, warm and outgoing nature.

In his statement to the Republican Town Committee Mr. Wilson said that it is regretful that a party label is attached to this most important office, which must be of equal service to the needs of everyone in town, but because it must be so then an increase in the Republican minority becomes necessary to correct the imbalance.

For a campaign pledge "Tex" has this to say, "I want to find out why so many people are not satisfied with the School Committee, then work to give them what they want." Mr. Wilson is a graduate of the Agawam School system, a home owner, married and father of four children.

## James Mandeville At Norfolk Base

NORFOLK, VA. (FHTNC) — James W. Mandeville, aviation machinist's mate airman, USN, son of Mr. and Mrs. George Mandeville of 88 Harvey Johnson Drive, Agawam, is serving with the Fleet Tactical Support Squadron 40, based at the Naval Air Station, Norfolk, Va.

The squadron's mission is the safe and expeditious flow of passengers, mail and cargo to ports of call along the Eastern Coast and to the carriers operating at sea.

A graduate of the Agawam High School, Mandeville entered the Navy in June 1962.

Evelyn Poiriero and Mary L. McCarthy.

Chairman Query predicted that the number of voters to attend

WALTER T. KERR

the Democratic caucus, to be held on Saturday, October 5th from 2 to 8 p. m., undoubtedly will exceed.

## High School Exams Set For Credit

For Pupils Getting Grade Below B in Summer Courses

Frederick T. Dacey, principal of Agawam High School, today issued an important reminder to summer school students.

Must Report Sept. 3

Mr. Dacey reminds all summer school students who received a grade below B for their summer courses that they must report to the High School on Tuesday, September 3, at 1 p.m. They must take an examination on the subject studied at summer school if

they desire credit for that subject. This also includes all students who were tutored.

Mr. Dacey emphasized that no one will be excused.

Those students who received a grade B or better in the summer school should report to the guidance office at the high school as soon as possible with their summer school report card. This is necessary if course credits are to be brought up to date before the opening of school on September 4.

## Fun-Fest and Barbecue A Huge Success

The second annual Fun-Fest and Barbecue held Sunday under the sponsorship of the Republican Town Committee was most successful with over 350 grown-ups and children attending.

Bill Treadwell, National Committee-man gave a brief resume of affairs on the state and national scene, while Senator Hammond had words of praise for the outstanding work of Agawam's George Porter in the state legislature. Deeds and not words are what counts stated Mr. Hammond which would seem to indicate that the best investment that Agawam has ever made in the field of politics is in the person of George Porter. Paul Cassella and Ted Banforth took bows as did the Republican candidates looking toward the town election.

The Teen-Age Republican Club was quite pleased with its sale and the White Elephant sale drew an enthusiastic response.

Dom Maoilo and "Cracker" Jones did with chicken and charcoal which few men and no women could do. Yet the most pleasing part of the afternoon had to be the pony rides for the children.

The youngsters went for those ponies as soon as they got there, and they kept them busy trotting around until dark. They would have a ride, get out of the saddle queue up, wait their turn and then ride the ponies again. Next year it is planned to add a couple of donkeys.

Frank Chriscola, a most pleased chairman of a successful party would again thank everyone who assisted in the many ways they did in assuring the success of the affair.

## LABOR DAY 1882

Labor Day has been celebrated as a National Holiday since 1882. The idea was originated by Peter McGuire of the newly formed Carpenters Organization.

On September 5, 1882, the first Labor Day was celebrated in New York. 10,000 people came to march along Fifth Avenue to the music of "Killarney" and other songs. Speech making, dancing and fireworks were all a part of the occasion.

Peter McGuire founded the United Brotherhood of Carpenters and Joiners of America in 1881 at a meeting in Chicago attended by delegates from 36 industrial cities. He held the office of General Secretary in this organization for many years. He was by nature a reformer, agitator and popular philosopher and ranks with Samuel Gompers among the early labor leaders.

By 1923 all the states had taken up the idea and the observation of Labor Day.

## LABOR DAY 1963

We are on the threshold of another Labor Day. And a vast change has taken place in this institution and the cause it stands for in the decades that have passed since its first observance. Labor has grown strong—stronger, very likely, than its leaders of another and simpler age could have imagined.

Nowhere else in the world has labor earned and gained so many material benefits as it has in the United States. The "blue collar" man has caught up with his "white collar" counterpart in earnings and living standards and in many instances passed him by. Labor can take well justified pride in this achievement.

But the high status of labor, and labor's power, involve another element. That element is responsibility. Labor can no longer be content with just pursuing its differences with management. It has another and a larger duty. That is to help provide the quality of industrial statemanship that is so urgently needed if this country is to maintain its position in an increasingly competitive world.

Next September 2, deserved honors will be paid to labor. May it go on and earn, through wise accomplishment, still higher honors.

(Continued from Page 1)  
ceed the high figure of the previous year, setting an all time record for the Democratic caucus. It was further indicted by the followers of Mr. Kerr that he would emerge victorious in his quest for a fifth term as selectman. This, indicated Chairman Query, is predicted on the fact that the voters of the town earnestly want a man of high qualification and experience to continue in this important position. They will turn out in large numbers in support of Mr. Kerr.

Mr. Kerr stressed additional gains for Agawam made during his previous 12 years of administration. In the field of education, he noted, he participated in appointing several committees and voted for the construction of the new senior high school and the addition to it; the construction of the new South and Robinson schools, the addition of the cafeteria at the Junior high and the coming addition to the Granger School.

The combining of the sewer, water and highway departments into an efficient Department of Public Works was also accomplished during his tenure of office.

The following lunches can each be purchased for twenty-five cents. Extra milk can be purchased for three cents per half pint.

These low prices are made possible through financial assistance from the State and Federal School Lunch Programs.

Besides providing children with balanced lunches, the School Lunch Program provides them, through the social aspect of eating with other children, the opportunity to learn to try and come to enjoy wider varieties of food so essential to good health.

With a good Breakfast to start the day, and a good lunch at noontime, children will be better equipped to handle their school work.

## SPORTSMEN'S CORNER

By Bill Chiba

The long awaited striped bass blitz appears to be on up at Biddeford, Maine. The first big catch of the year was made aboard a boat skippered by Al Cote at the jetties of the Saco River just off the Atlantic.

The party took 41 fish that weighed 178 pounds, biggest of which was one of 7 pounds, 3 ounces, according to Bob Pond, president of Atom Manufacturing Co. The fishermen's favorite bait was a seven-eighths ounce atom swimmer of silver blue.

Cote predicts the run will last well into October and anglers can make their catches by casting into water of 6 feet and less at the jetties. Just cast your plugs on a moving tide right to the rocks, he advises. The fish are after sand eels and bait fingerlings in the break waters.

## DOUBLE CATCH

An interesting note from James L. Degan of Hartford, Conn. was recently received by the New Hampshire Fish and Game Department. Mr. Degan stated he has been fishing New Hampshire's Upper Baker Pond for some 20 years, recently concentrating mostly on smallmouth bass. His "take" usually amounts to four or five three-pounders a year. This year however, in early August, he received a surprise when he retrieved his line. His catch was a nice five-pound largemouth bass ... attached to it was a sixteen inch turtle!

## AVAILABLE TO RELOADERS

Reloaders can now duplicate the superior patterns and performance characteristics introduced in Winchester - Western's Mark 5 shotshell in 1962.

A further development of the Mark 5's unique polyethylene sleeve that protects shots from abrasion and deformation, the new "Win-Wad," makes loading easier and faster by combining cup wad, filler wad and a polyethylene shot protector in one translucent unit.

The Win-Wad encases the shot and protects it until after it has left the muzzle, preventing deformed, pattern-destroying shot and "blown" patterns. It also eliminates barrel leading.

The new Win-Wad guarantees the reloader almost the same results the Mark 5 has given other shooters: 1—pattern density increased as much as ten per cent;

2—shot string length shortened by ten per cent; 3—effective range substantially increased.

Free booklet on trapshooting. . . An excellent, concise review on trapshooting is available free to any interested sportsman. The booklet is compact, soft covered, and has 36 pages of easy to read reference material. Subjects include trapshooting as a sport, its history, an explanation of events international trap, information on trophies and local gun clubs, and more. You can obtain free copies from Trap and Field Magazine, Review Publishing Company, 3516 North College Avenue, Indianapolis 5, Indiana. It's well worth the stamp.

## LEGION AUXILIARY UNIT NEWS

by Virginia Catchepaugh

### Scholarship

The American Legion Auxiliary takes pride in its Scholarship program, knowing it has a part in helping young people to become better, more informed citizens of their country. Recently Agawam Unit received a letter from the Principal of Agawam High School Frederick Dacey:

"The school joins me in expressing my appreciation for the generosity of the American Legion Auxiliary, Wilson-Thompson Post #185 in donating a scholarship.

"This year, it was awarded to Martin McMahon, 95 Alfred Circle who will enter Middlebury College, Middlebury, Vt. in September. The check has been forwarded to that institution.

"Awards of this description are very welcome to the school because they furnish an incentive for better work on the part of the pupils and, in addition, oftentimes are enough to encourage the pupil to start a career in higher education."

## Still More Tragic, The Part That Can't Be Shown!

Bad enough, to see your accident-smashed car wind up on a junk heap. But the grimmest part of the picture doesn't show here. Behind these wrecks lies a tragic toll in precious lives lost, years of suffering and handicap to be endured. This indeed, is your BEST reason to drive carefully!

With heavy Labor Day weekend traffic jamming the highways, this is the time to drive with EXTRA care, to keep your eyes on the road, your hands on the wheel, your car off the junk heap, your name off the casualty list.
